

Configuration:

LA-480-01 Docking Station 16 (North America)*

LA-480-02 Docking Station (UK)*

LA-480-03 Docking Station 16 (Europe)*

LA-480-04 Docking Station 16 (Australia)*

*01, 02, 03, and 04 designation refers to international plug type (type B, G, F, and I) for the power supply.

Product Overview:

The LA-480 Docking Station gives you a simple and convenient way to charge, store, and program either ListenTALK transceivers or ListenWIFI receivers. The LA-480 Docking Station can accommodate up to sixteen (16) individual devices, ideal for large-scale systems or for allowing your system to grow to meet the needs of your venue. Each charging slot features a tension lock that ensures secure charging connectivity, and each slot can be used to store ID cards or other items that are exchanged for and returned when the receiver is not in use. The LA-480 can be mounted in a variety of ways as well depending on your system requirements. The station can be securely mounted to a wall, in a drawer, on a rack, or attached to a tabletop. Docking Station comes with a power supply and USB cable.
