

# DT168

## DANTE I/O EXPANDER

The DT168 provides 16 microphone preamps and 8 line outputs in a convenient stagebox form factor. Ideal for portable applications thanks to its rubber bumpers and handle, it can be deployed on stage or used as a drop-in expander in any SQ or dLive Dante network.

DT168 offers the acclaimed Allen & Heath preamps, complete with 96kHz converters for best-in-class sound quality over Dante, plus Primary and Secondary ports for daisy-chain or redundancy through secure EtherCon connectors.

DT168 is compatible with dLive and SQ series.

### Key Features

- 16 High end, low noise preamps
- Independent 48v indicator
- 8 Line outputs
- No Noise (Fanless design)
- Dante 48/96kHz compatible

### Benefits

- Rack mount (optional kit)
- Dante Domain Manager ready
- Redundant or Switched mode
- Can live on the building IT network
- AES67 compatible
